Comments: It is doubtful that these are OW bombs; they are more
probably gas tanks.

ECONOMIC/MILITARY

Manfred Weiss produce bombs of welded iron.

1. Messrs. Manfred Weiss, Budapest are producing large quantities of what appear to be bombs made of welded 3-4 millimetre thick iron. They are approximately 120 cm long, 50-60cm wide, have a head with a 3 in. thread (internal) and are slightly fishtailed at the base, the latter being pierced all round with air holes.

2. Following is a rough sketch
